Dr. Kass Nourishad
First Dental Implant
6809 White Oak Blvd
Reseda, CA.

Dear Dr. Kass:

Thank you so much for the redesigned upper molar. It is very comfortable. I found that my entire experience at First Dental Implant has been a very positive experience, especially since the past 49 years I've only had one dentist, my husband, Dr. Ramos. Even my husband says that you are very conscientious and skillful, and believe me, he NEVER compliments anyone.

You are now officially the third dentist I've ever had, so I consider myself very fortunate to have found you, and your delightful staff, right after my husband retired.

Yours truly,
